

Services

Bauhaus Design and Construction offer complete project management solutions to our clients. We handle the project from designing to construction to decoration and interior design.

Our services include the following:

- Feasibility studies on potential civil projects or developments
- Design, consultation and planning application submission to government authorities
- Management of demolition, building and/ or restoration projects
- Design of engineering solutions and environmentally friendly future

When you, our client deal with us, you can expect to get:

- - Local professional company, run by professional architects and surveyors.
- - Peace of mind knowing that your local company holds a £5 million public liability cover.
- - Free, no obligation, quote on your development project.
- - Consultation on your existing plan
- - Competitive pricing to meet your budget.
- - No hidden or extra charges.
- - Strict working schedule provided to you at the start of the project outlining the various stages of work and the expected completion date.

At Bauhaus our values are honesty and integrity. Our aim is your 100% satisfaction.
